

MSD – Master Scuba Diver Internship

LIA internship scuba diving programs cater for all budding scuba divers. Our dive facilities are always in demand for the diver that wishes to follow a career in scuba diving, whether this is as a divemaster or an instructor. There are other potential interns that are either not old enough to turn dive pro yet (must be 18 years) or those that want to reach the **MSD Master**

Scuba Diver rating for personal satisfaction. Being an Master Scuba Diver allows the young interns to reach a high and safe standard of diving whilst waiting to become old enough to "go pro". For those wishing to achieve this training certification for satisfaction it affords them the maximum amount of safety in the water as they are now Rescue diver level with specialty diving skills under their belts. The intern training will take place along side the professional internships also allowing for the candidate to see and learn a lot more than in an ordinary, everyday dive course. The training is at Pattaya, Jomtien, Sattahip and Samesan, Chonburi in Thailand.

Cost \$3000 - The Package includes:

- **ALL COURSES** – Open Water, Advanced O/W, EFR (Medical) and Rescue.
- FULL set of scuba diving equipment (yours to keep).
- **5 Specialties** of your choice (from 23) making you a “**Master Scuba Diver**”. (Sorry but we have no Ice diving or "dry" suit diving specialty here in Thailand :-). This is the **highest non-professional ranked diving certification**. The great thing is that you can upgrade any time.
- 2 months accommodation. (Thai style condos - self contained).
- ALL Manuals and training aids to Master Scuba Diver rating.
- ALL Fees to PADI.
- **Minimum** of 60 dives.
- Internships guarantee you the adventure of a life time.
